

Specification

	GM760	GM761
PH value measuring range	0.0~14.0pH	0.00~14.00pH
PH value resolution ratio	0.1	0.01
PH value measuring error	±0.1	±0.05
Temperature measuring range	0~60°C(32~140°F)	
Temperature resolution ratio	±1°C	
Temperature error	±1.0°C	
Power supply	Button Battery LR44 1.5V * 3	
Display	LCD large screen display	
Working environment temperature	0°C~60°C	
Working environment humidity	≤85%RH	
Backlight	White backlight	

Function

- ▶ Measure the pH of the solution
- ▶ Measure the temperature of the solution
- ▶ LCD backlit display
- ▶ Data retention function
- ▶ Temperature switch: °C/°F
- ▶ Power-off memory function
- ▶ Solution temperature compensation
- ▶ Low battery reminder

GM760
 GM761

Measure the pH of the solution

Application

Experiment

Pesticide

Medicine

Construction site
