

# PRODUCT DATA SHEET

## Smart Sensor PH328 PH Meter

Soil pH and moisture meter, Smart Sensor brand for measuring pH and soil moisture levels. The 21 cm long probe makes it easy to measure at multiple depths.

The user can switch between two different readings by pressing a button. The large display screen makes it easy to quickly check the meter's measurements.

### Feature

- 3 IN 1 measures pH, temperature and soil moisture.
- HD backlight display
- Auto power off

### Specification

- Range PH : 2.0PH ~ 8.5PH
- Accuracy :  $\pm 0.2$ PH
- Resolution : 0.01PH
- Temperature Range :  $-10^{\circ}\text{C}$  To  $60^{\circ}\text{C}$
- temperature accuracy :  $\pm 1.5^{\circ}\text{C}$
- Resolution:  $0.1^{\circ}\text{C}$
- soil moisture range : 1% ~ 84%
- moisture Accuracy:  $\pm 4\%$
- Resolution: 0.1 %
- Operation Temperature :  $-10^{\circ}\text{C}$  ~  $60^{\circ}\text{C}$
- Power : Battery AAA 2\*1.5 V
- Probe size :  $\Phi 65 \times 263$ mm
- Probe length : 210mm
- Package Weight: 107g
